

Webinar event

Auditing through the pandemic A PNG perspective

EY's purpose is to inspire the confidence and trust that help enable a complex world to work. Our Assurance services help to support organisations in promoting investor confidence, managing regulatory responsibilities and supporting long-term, sustainable economic growth.

The COVID-19 pandemic is testing the resilience levels of organisations around the world and is putting increasing pressure on their existing systems, plans and operations.

Leaders must look to what comes next and how they can begin to adapt to the world beyond the pandemic. How do you build resilience into your operations, decisions, business model and ways of working so your company can weather future disruption?

Join us for our next Zoom webinar with Matthew Savage, EY Partner, PNG. Matthew will lead our discussion on EY's response to the pandemic in PNG and how EY ensured the wellbeing of its people while still delivering exceptional service to its clients.

Matthew Savage

Assurance Leader

Ernst & Young – Papua New Guinea

Since joining the Assurance practice in PNG Matthew has led the audits of EY's international inbound clients in the Energy, Mining and Consumer Goods industries as well as well-known local companies in Oil & Gas, Retail and Financial Services. Matthew has also served in the role as Independent Accountant to the PNG Extractive Industries Transparency Initiative (PNG EITI).

Matthew has built his career at EY over the last 20 years. He is a Fellow of CPA Australia and a member of CPA PNG and the Institute of Chartered Accountants in Australia and New Zealand. He holds an Honours degree from the Australian National University and a Masters degree from the University of Canberra.
